Each position will be elected for a 2-year term.

### ***Role of the Board of Directors***

The Board of Directors (the Board) of SportAbility is a governance board. The role of the Board is to set the strategic direction of the association, establish policy, financial policy guidelines, overall budgets, and fees (membership dues); and to approve as presented, or as amended by the board, the annual budget. The Board acts in the best interests of the association as a whole and not any one particular sport, activity, or group. The Board meets virtually approximately every two months.

These roles make up an integral piece of SportAbility's leadership. Our Board of Directors support the organization's commitment to providing a collaborative and inclusive sport community that fosters lifelong participation.
